

Instructions: Use whatever format you would like to work on this assignment, but include in the filename the number of this quiz (i.e., 07) and your last name.

Bimolecular Photochemical Kinetics

- 1) The article that you read in preparation for this discussion section (available here: <https://onlinelibrary.wiley.com/doi/10.1002/ijch.197000029>) provided new knowledge regarding topics that we have only covered a little thus far in this course. As such, I think we should open the floor to any questions regarding the article, and discuss it as a group.
